

## Exhibit 9 - Internal Photos Detector and Reflector

### List of internal photos

1	Recco Detector Internal Overview Main . . . . .	1
2	Recco Detector Internal Top . . . . .	1
3	Recco Detector Handle Internal View . . . . .	2
4	Recco Detector Tx PCB . . . . .	2
5	Recco Detector Rx PCB . . . . .	3
6	Recco Detector Tx and Rx output/input filters PCB . . . . .	3
7	457kHz Beacon Receiver PCB . . . . .	4
8	Recco Reflector 713 Internal Photo, circuit board. . . . .	4

Figure 1: Recco Detector Internal Overview. (Left) Front side showing Rx and Tx antennas, (Right) Rear side showing loudspeaker, switch panel, headphone and charging connector. On the right showing Tx and Rx circuits and antenna backplane. Tx filter and Rx filter are located behind the shielded boxes

Figure 2: Recco Detector Internal Top. Showing the Tx antenna loop.

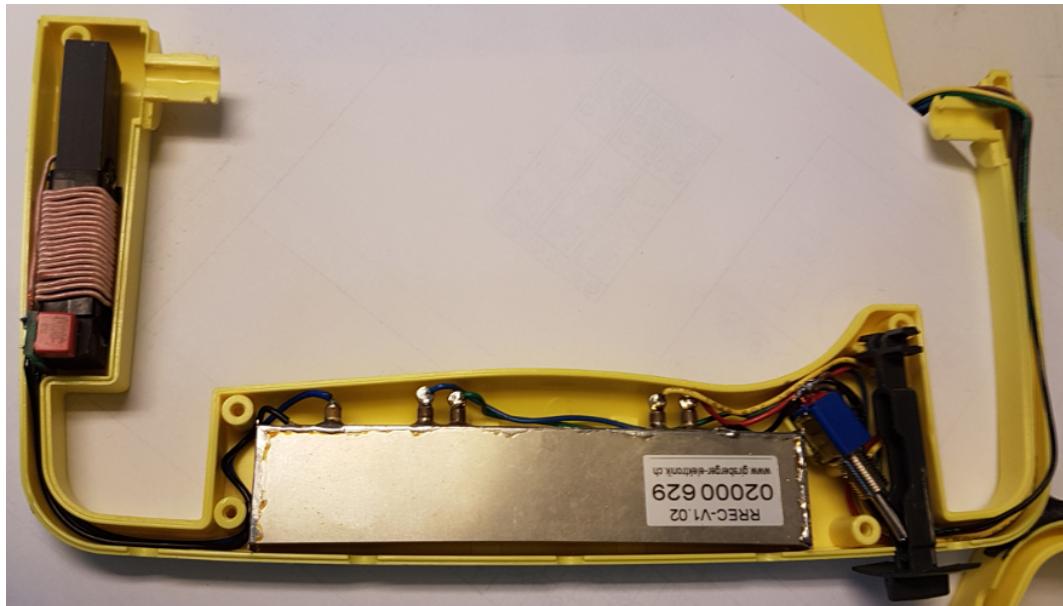

Figure 3: Recco Detector Handle Internal. The 457kHz Beacon Receiver antenna and Rx circuits are located in the handle. The blue switch to the left is the R9 output power adjustment switch.

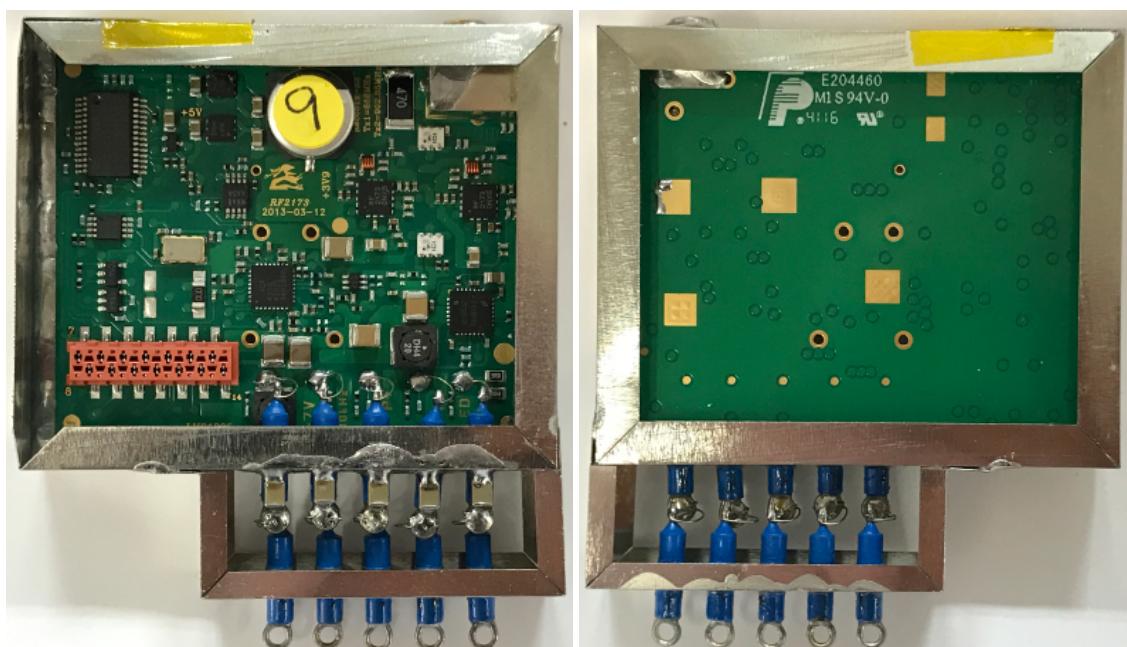

Figure 4: Recco Detector Tx PCB Top and Bottom sides.

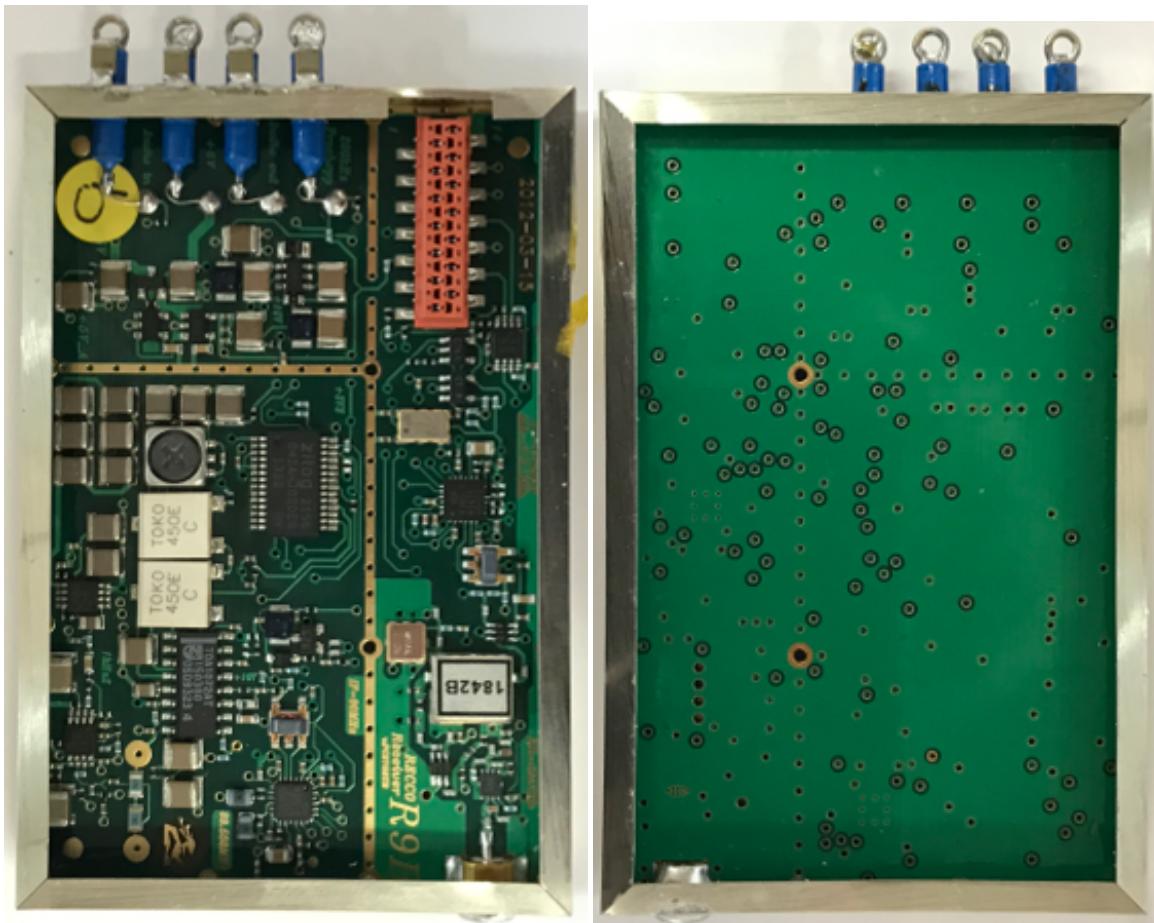

Figure 5: Recco Detector Rx PCB Top and Bottom sides.

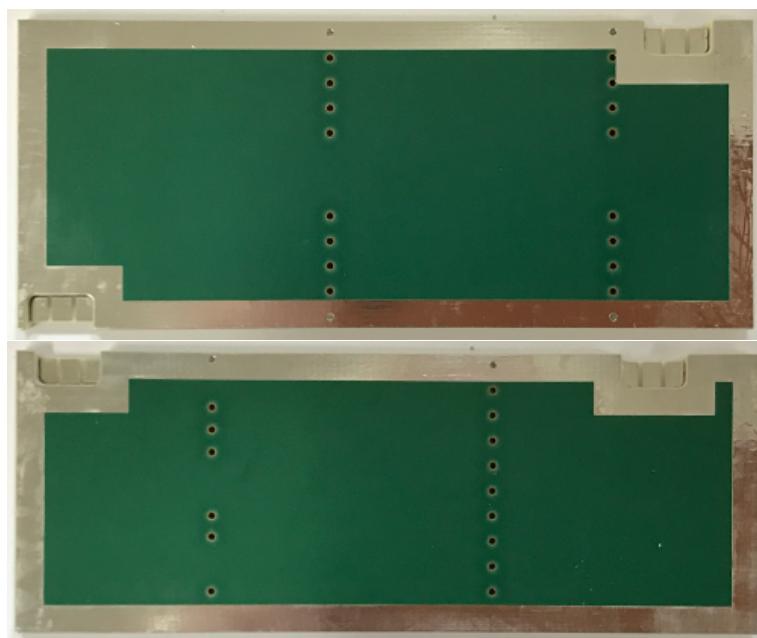

Figure 6: Recco Detector Tx and Rx output/input filters PCB. (PCB only no circuits).

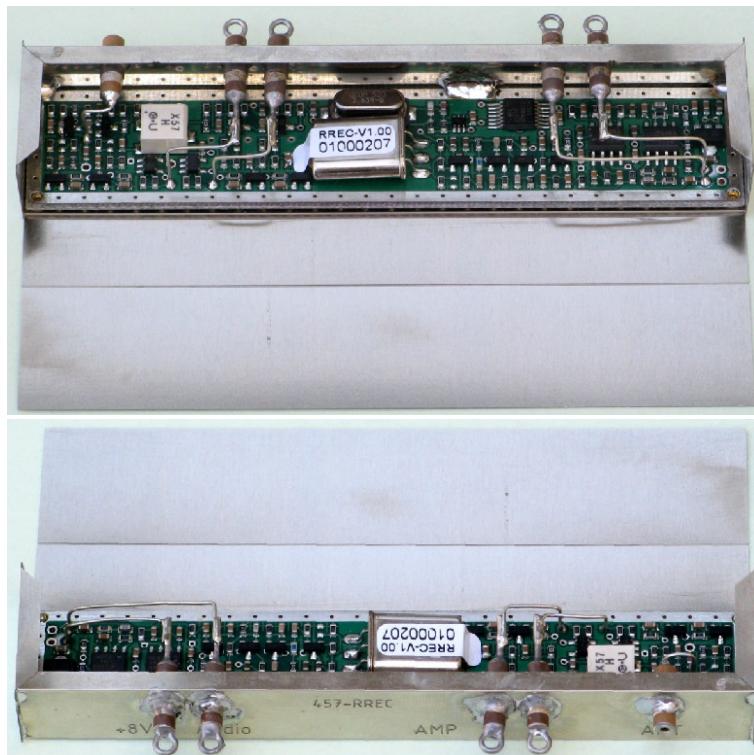

Figure 7: 457kHz Beacon Receiver PCB and front.

Figure 8: Recco Reflector 713 Internal Photo, circuit board.
